

**The Androgen Society's Instructional Course Objective:**

To provide essential foundational knowledge in testosterone deficiency and testosterone therapy for healthcare providers at all experience levels, including physicians, nurse practitioners, and physician assistants. This didactic course will cover key principles of diagnosis, treatment approaches, and clinical management, preparing healthcare professionals to effectively identify and address testosterone deficiency in their practice. The course serves both as comprehensive instruction for those new to the field and as a valuable refresher for experienced practitioners seeking to enhance their clinical expertise.

**Instructional Course on Testosterone Program**

UCSF Mission Bay Conference Center, San Francisco, California | July 9<sup>th</sup>, 2025  
(Agenda subject to change)

**Wednesday, July 9, 2025**
